Acceptable Use Policy and Conditions of Use

This Acceptable Use Policy and Conditions of Use ("AUP") defines the rules that govern your access to and use (including transmission, processing, and storage of data) of the resources and services (the "Services") as granted by {community, and/or the agency, or infrastructure name} (the "Granting Authority").

<This document may be augmented by additional agreements or terms and conditions, in which case the granting authority may optionally add specific clauses - or references thereto - here that are not in conflict with the clauses below and that further define and limit what constitutes acceptable use. The wording of the following clauses must not be changed.>

1. You shall only use the Services in a fashion consistent with the stated goals and policies of the Granting Authority.
2. You shall not use the Services for any purpose that is unlawful and you shall not breach, attempt to breach, nor circumvent any administrative or security controls.
3. You shall respect intellectual property and confidentiality agreements.
4. You shall protect your access credentials (e.g. private keys or passwords).
5. You shall keep all your registered information correct and up to date.
6. You shall immediately report any known or suspected security breach, credential compromise, or misuse to the security contact stated below; and report any compromised credentials to the relevant issuing authorities.
7. Reliance on the Services shall only be to the extent specified by the applicable service level agreements listed below. Use without such agreements is at your own risk.
8. The Granting Authority and the provider of the Services process your personal data in accordance with their privacy policies listed below.
9. The Granting Authority or the provider of the Services may, for administrative, operational, or security reasons, restrict or suspend your use without prior notice and without compensation, within their domain of authority, and you shall immediately comply with their instructions regarding your use of the Services.
10. If you violate these rules, you are liable for the consequences, which may include but are not limited to a report being made to your home organisation and, if the activities are thought to be illegal, to appropriate law enforcement agencies.
