

Personal Data Breach Incident Management

Where are we right now?

GN4-3 WP 8 Task 1

- Business Continuity
- Sub-task Business Continuity Recommendations
 - Incident Management
 - Personal Data Breach Management
- Identify current status of implementations at NRENs
- Define requirements (stipulated by law)

Today's session

- Current status
 - No data in the NREN compendium
 - No data publicly available
- Recommendations

Information on Personal Data Processing

- Processing is based on a legitimate interest based on Art. 6 para. 1 lit. f GDPR
- Processing is carried out by Mentimeter and its sub contractors
 - Personal data is stored in third countries, like the US, DPAs are in place
- DFN-CERT cannot identify participants
- Personal data is only used to provide the service, and to prevent abuse
- "Voting on Mentimeter's voting site menti.com is anonymous and we believe this is an important part of the voting experience. For preventing abuse we do, however, store the Audience's IP address for a short period of time (it is erased within 30 days)."
- See privacy note on the audience's page

Interactive part

- Let's move to the interactive part
- Agenda
 - Data Protection Management
 - Personal Data Breach Management
 - Feedback
