Evolution next - facilitated discussion — 7.4

26

What is one thing you will take away from the meeting?

All ok thanks

UNINETT =! UNIT

Cost and bandwidth of Zoom

Collaboration

sharing observations with each other.

OpenUp2U plans

Distributed model on a european level for LMS (not only national instances) - a great idea!

That the pandemia makes the world small and raise that we all have the same challenges

Mostly same challenges. Being pragmatic. Everybody using Zoom :)

27

What is one thing you will take away from the meeting?

community building

Experience with VC solutions

Collaboration

Next month there will be snow in sweden

It is a struggle everywhere. A good contract for ZOOM would be ideal.

Strategies for online assessment

scaling is a challenge everywhere

There is still a lot to be done!

Many different solutions based on nature of our NRENs. Great benefit in sharing these ideas even though we are different.

27

What is one thing you will take away from the meeting?

Focus on online examination challenges and the conference tools

we share our experience

huge increase of VC usage

skills and digital divide

LMS like moodle

Digital inclusion

GDPR concerns and solutions.

More group discussion time

Digital inclusion

27

What would you like to see at the next meeting?

Electronic voting

Longer discussions about Cloud and GDPR

More details on Moodle hosting.

procurement opportunities/strategies

Virtual Library

privacy shield handling

More about the student and faculty experiences for the online learning

electronic voting

More group discussion time

GÉANT

21

What would you like to see at the next meeting?

More time for discussion

Future needs of education that NRENs could cover

Prepare Qs for discussion from participants

free vc engines comparition and usage scatistics

More on digital assessment

is video resolution important for schools?

More about performing arts learning support. Also about cloud use - costs and security.

Integration VC in moodle and experiences about schools

less content, more discussion

21

What would you like to see at the next meeting?

Tks

More engagement in the discussion.

Shorter and more specialized meetings

21

What should we do differently next time?

No

Take 1 topic at a time.

Not so much presenting

no

maybe split up in shorter meetings, and meet more often

No

It was good. Why change?

No

All good. Thanks.

14

What should we do differently next time?

Involve more examples and experiences

Thanks

More time per each topic - you may be addressing this with focused workshops.

Center in one topic

Thanks for you work!

14

Thank you!

See you soon again!
