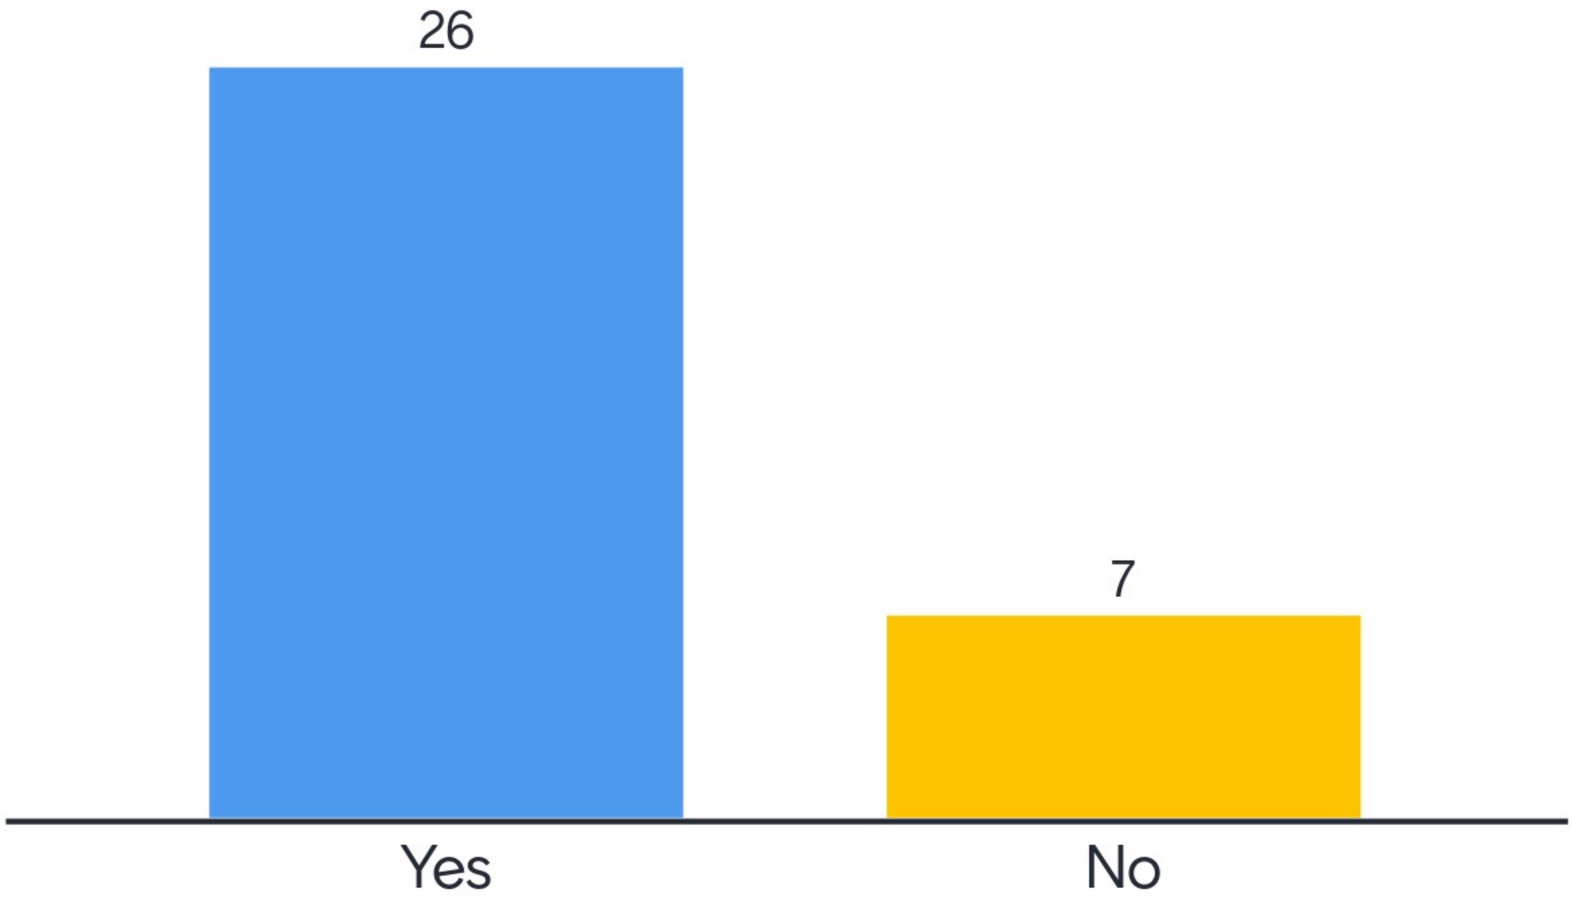
SIG-Marcomms & SIG-MSP

Spring Meeting 2022

Day 1 - 21 March

11

Does your NREN offer training to end users?



If yes, what training topics does your NREN currently offer to end users?

If your NREN offers training to end users, is any of that training used as a marketing tool?

Yes

No

Is training seen as part of your NREN's strategic plan for the coming years?

Yes, we defined our strategy and it includes training

Yes, we defined our strategy, but it does not include training

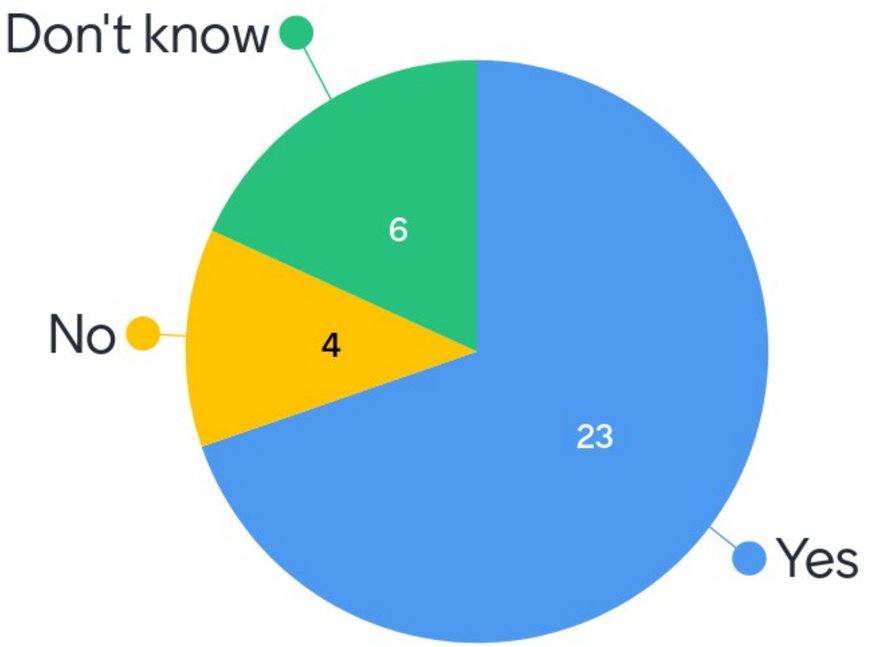
No, we have not defined our strategy; but training would be good to include

No, we have not defined our strategy, but we cannot offer training anyway

0

Other

Do members of your R&E community ask your NREN for training?



If yes, what training topics do they ask your NREN for?

Has Covid affected the level of demand for your training (if at all)?

HUGELY

No

Not sure

about the same as before

No

Media services

No.

no

Yes, move from on-site to online

Has Covid affected the level of demand for your training (if at all)?

yes

not sure

No

Demand continued but changing to online training was complex (VAT etc)

Yes, online trainings has been a LOT more popular than normally

yes

Increased

Increased

No, just delivered virtually

Has Covid affected the level of demand for your training (if at all)?

Not really. Only the form of delivery changed.

affected the type of delivery - virtual vs inperson,

yes

Not sure

Stabalised demand

Yes, in 2020 and 2021 there was huge demand because we were offering online sessions for the first time.

increased cyber, change of nature of cyber -around remotre working

No but we have moved training online

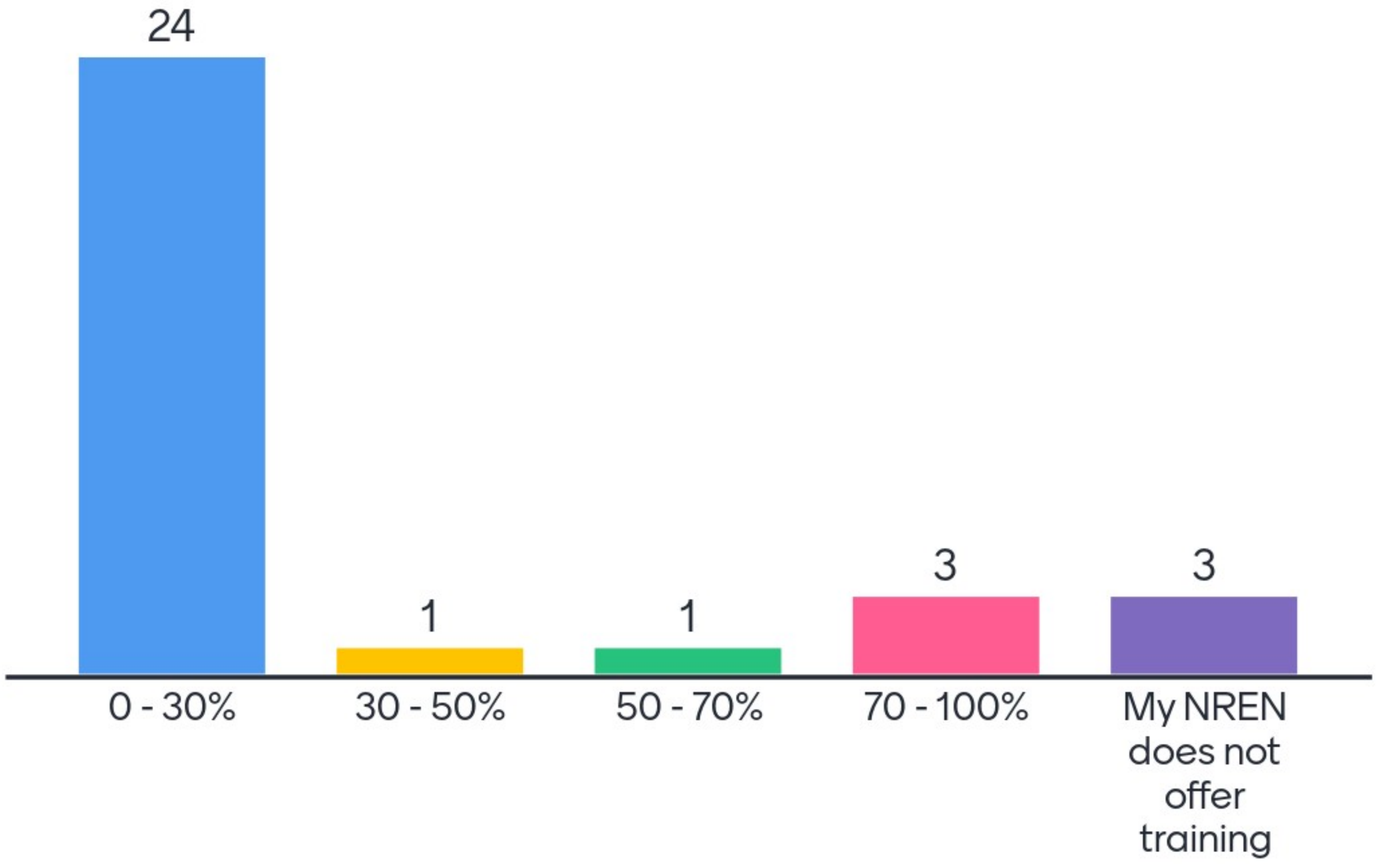
The demand is increased

Has Covid affected the level of demand for your training (if at all)?

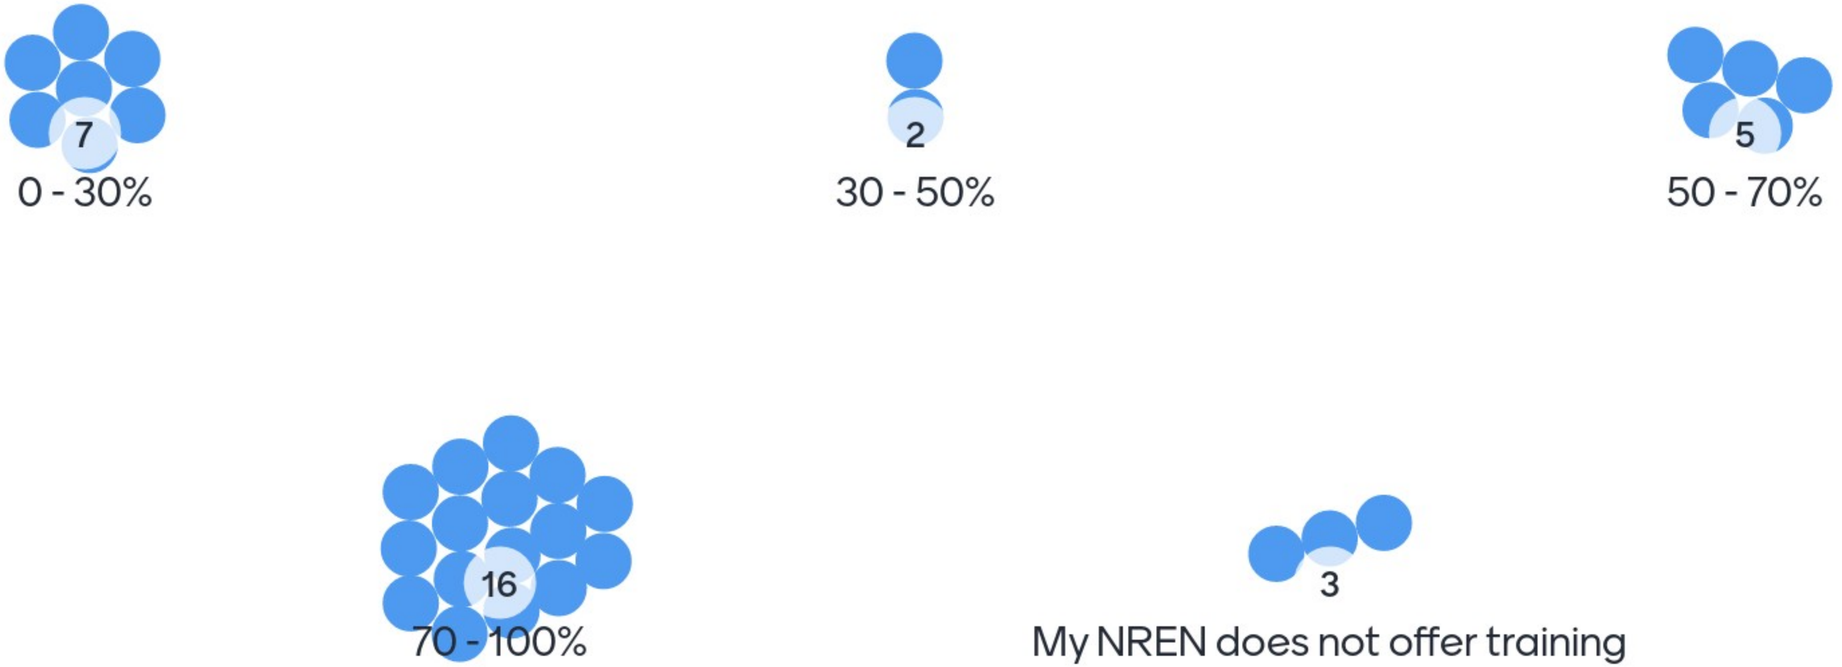
yes, reduced demand, because face2face trainings/workshops are clearly preferred

Yes,

What % of training is your NREN currently holding f2f?



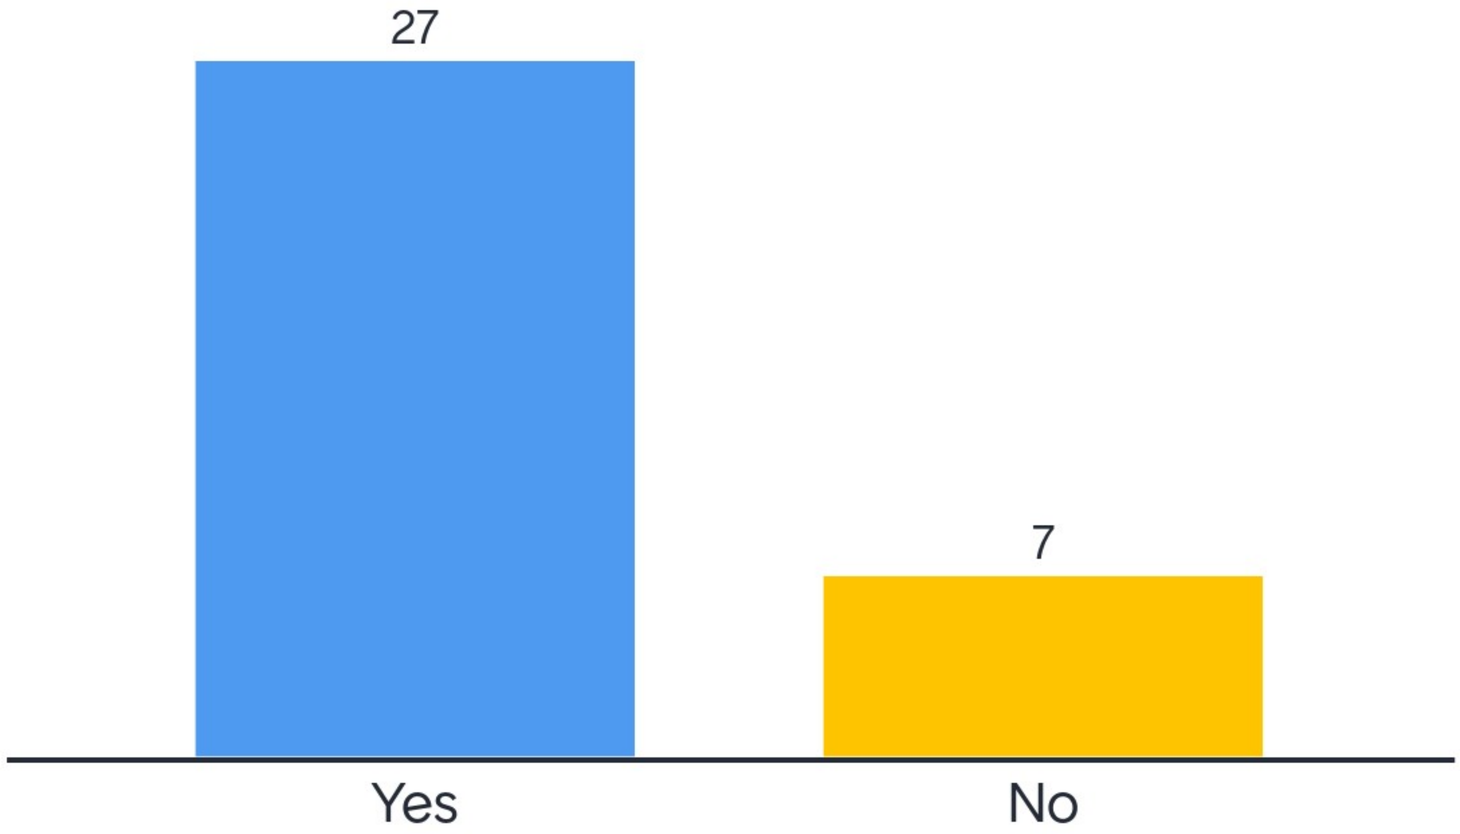
What % of the training offered is organised in-house?



Are you aware of the training opportunities that are available through GLAD?

Yes, I have used GLAD training

Yes, but I have not used GLAD training

No


If GÉANT organised a Community group on training would you be interested in joining?
