Trust & Identity Incubator

1<u>st</u> SSI and AARC BPA Expert Group Workshop

Branko Marović, Niels van Dijk

AARC BPA SSI Expert Group

Public

www.geant.org

Topics and perspectives

- Architectural and technical impact of Self-Sovereign Identity on researcher identity and access management, challenges and opportunities
- Usability, trust, security and policy considerations
- Relationship with the AARC Blueprint Architecture (BPA) model
- Relationship with European Digital Identity / ID wallet legislation (eIDAS 2) and European Blockchain Services Infrastructure (EBSI)

Stakeholder perspectives

- Service and infrastructure providers
- NRENs
- Identity federations
- R&E organisations (universities, institutes…)
- Research collaborations and projects
- Research communities

Please tell a few words about yourself and your angle toward identity management…

Approach

- Managed and structured workshops and conversations on selected SSI subjects, combining technical, user, implementation and organisational perspectives
- The flexible and exploratory process
- Discussion of technical topics
- Discussion of privacy, assurance, trust and usability
- Incubator members as facilitators and note-takers
- Draft proceedings will be available to the Group for feedback and review

Zoom link to be shared before each meeting – will be same as for this one.
We will record the meetings for note-keeping, but not share the videos publicly.

Slack channel for continued discussion:

ssi-and-aarc-bpa-expert-group (by invite only)

Public area:
https://wiki.geant.org/display/gn43wp5/AARC+BPA+SSI+Expert+group+landing+page

Meetings structure, results

Up to 2.5 hours, 15 min lead time (e.g., from 9:45), 15 min breaks between

1-hour slots, general outline:

1. Summary of the previous meeting (overall intro at the 1st), related comments, suggestions and corrections
2. The topic of the day: introduction or presentations
3. Discussion

The result of the discussion will be captured during and after each meeting.

We intend to prepare a draft report from the previous meeting before the next one.

Final results

1. Shared and approved notes
2. A paper with the findings and perhaps still open questions with the Group members as coauthors

Schedule

So far

1. 9 September 2021 – introductory meeting

Next meetings

2. Week of 26 September
3. Week of 17 October
4. Week of 7 November
5. Week of 28 November

We propose sticking to Fridays at 10.00-12.30 CE(S)T

Agenda for today

1. Welcome and introduction
   a. Welcome, self-introduction, methodology – Branko Marović
   b. Self-Sovereign Identity overview, common usages and example – Niels van Dijk
   c. AARC Blueprint Architecture (BPA) model and community AAI solution – Licia Florio
2. Identification of key topics and concerns (over a Miro board)
3. Topic selection for upcoming meetings

Notes for this meeting: ---

Miro board: ---

Thank you
