

# Aligning the Sustainable Development Goals to Jisc's work

Jisc supports the Sustainable Development Goals

**The UN *sustainable development goals* (SDGs) are a universal plan for all countries to end poverty, protect the planet and ensure prosperity for all.**

Jisc supports the Sustainable Development Goals

# What are the goals?

## SUSTAINABLE DEVELOPMENT GOALS

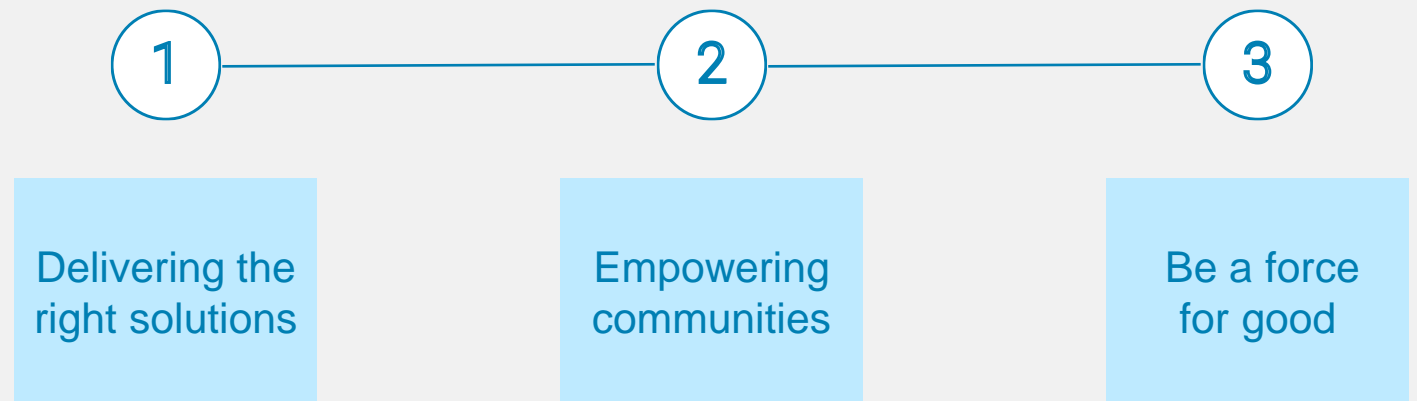

Jisc supports the Sustainable Development Goals

# Jisc strategy 2022-25

*The trusted partner in digital  
transformation*

Building on our core strengths and leveraging  
the collective power of the sectors to maximise  
our impact

We will achieve this by focusing on three things:

Jisc supports the Sustainable Development Goals

# Our strategy 2022-25

## *Be a force for good*

As a driver for change, we are focused on our commercial and financial sustainability but are always aware of our place in, and impact on, the world.

Sustainability is an organisational imperative. We always work to minimise the harm we do to our environment, and we support our customers to do the same.

We operate in the international community for the benefit of our customers, always striving to make a positive global impact

Our people are our key asset and we will embed our one Jisc culture through an engaged, skilled, well led, diverse and inclusive workforce

# Jisc as a sector body

# Focus

Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all

Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all

Ensure sustainable consumption and production patterns

Take urgent action to combat climate change and its impacts

Collaborating with stakeholders to drive change towards achieving the goals

# Active

Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation

Good cybersecurity to build confidence and motivate the use of ICT and internet in driving energy towards achieving the goals

# Jisc as an organisation

# Focus

Take urgent action to combat climate change and its impacts

Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels

Collaborating with stakeholders to drive change towards achieving the goals

# Active

Promote good physical and mental health

Build resilience and net zero into our energy supply

Build resilience in our buildings, and their accessibility, to combat geopolitical challenges

Adopt an ethical and circular approach to consumption

# Next steps

# Questions
