

eduGAIN Policy Framework

Constitution

Version 4.0

1. Introduction

1.1. Overview

This document is the constitution of the eduGAIN service, defining how the service is governed and what procedural and technical requirements are mandatory for Member Federations. This document, the Technology Profiles supplementing it and the eduGAIN Policy Declaration, which must be signed by Member Federations, form the Policy Framework of the eduGAIN service. Member Federations commit to the Policy Framework when they sign the Policy Declaration to join eduGAIN. These documents are supported by the eduGAIN Operational Practice Statement, which describes the integrity and availability of tools centrally operated by eduGAIN to support Technology Profiles. The full set of eduGAIN documents is available on the eduGAIN website [eduGAIN-DOC].

The eduGAIN service enables Federations to interfederate. The Member Federations primarily serve the authentication and authorisation interests of research and education sectors.

eduGAIN provides an infrastructure for establishing trusted communications between Entities, such as Identity and Service Providers, in different Federations. End users authenticate at Identity Providers and get access to Service Providers.

An Entity is always registered by a Participant Federation which uses an appropriate mechanism to exchange the metadata of Entities via eduGAIN as described in the Technology Profiles.

1.2. Goal

The goal of eduGAIN is to support Identity Federations primarily engaged in research and education by providing a service which enables them to interfederate.

1.3. Definitions

AAI	Authentication and authorisation infrastructure.
eduGAIN	eduGAIN enables the trustworthy exchange of information related to authentication and authorisation infrastructure (AAI) via its Member Federations by offering a policy framework, consolidated metadata and shared governance for the eduGAIN service.
eduGAIN Policy Declaration	The agreement signed by Federations on joining eduGAIN.
eduGAIN Operational Practice Statement	A document which covers any issues relevant to ensure the integrity and availability of tools centrally operated by eduGAIN to support Technology Profiles.
eEC – eduGAIN Executive Committee	eduGAIN Executive Committee is a body nominated by the sponsors of the eduGAIN service and is responsible for ratifying certain decisions of the eSC, as defined in section 2.1.
eduGAIN Assembly	Body of Member Federation Delegates and Deputies as defined in section 2.3.
eSC - eduGAIN Steering Committee	eduGAIN Steering Committee is a body that consists of representatives voted for by Member Federations and has an oversight role in the eduGAIN service, as defined in section 2.2.
eduGAIN Secretariat	Function responsible for membership management and support for the various eduGAIN governing bodies.
eduGAIN Service Team	eduGAIN Service Team provides all the functions to deliver the eduGAIN service and is composed by identity specialists and developers.

Entity	Entity means an AAI endpoint. For example, an Entity can be an Identity Provider, a Service Provider or an Attribute Provider. In this document, an Entity refers to an entity's metadata that a Participant Federation has exchanged through eduGAIN.
Federation	Identity federation. An association of organisations that come together to exchange information as appropriate about their users and resources to enable collaborations and transactions. Federations are typically represented in eduGAIN by a Federation Operator.
Federation Operator	Organisation providing or commissioning the infrastructure for Authentication and Authorisation to the members of its Federation.
Federation Policy	The set of rules, guidelines or processes governing member behaviour within any given Federation.
GÉANT	GÉANT is a membership organisation acting with and for its members to further research and education networking in Europe and globally.
Home Organisation	The organisation with which the end users are affiliated. It is responsible for managing end users' identity data (attributes) and authenticating them. The Home Organisation is responsible for setting up and operating one or more Identity Providers, either by itself or via an outsourced service. In this document, a Home Organisation refers to a home organisation who is a member of a Federation.
Identity Provider	A server acting in an Identity Provider role. The system that issues assertions on behalf of end users of a Home Organisation who use them to access services of Service Providers.
Interfederation	Sharing of federation metadata to allow a user from one federation to access a service which is registered in another federation.
Member Federation	A Federation which has met the joining requirements for eduGAIN as defined in section 3.2.
Participant Federation	A Member Federation that is actively participating in eduGAIN having met the requirements defined in section 3.3.

Policy Framework	eduGAIN Policy Framework. This document, Technology Profiles supplementing it and the eduGAIN Policy Declaration signed by Member Federations.
Service Provider	An organisation that is responsible for offering the end user the service s/he is going to use via a federated login.
Technology Profile	Technology Profiles describe how given technologies are implemented within the eduGAIN framework. Each Technology Profile is made up of one or more documents which describe and define rules for specific trust brokers, including metadata production and aggregation and use of protocols. Each Technology Profile is associated with an operational team responsible for the management of core trust broker infrastructure.

41

42 The key words "MUST", "MUST NOT", "REQUIRED", "SHALL", "SHALL NOT", "SHOULD",
 43 "SHOULD NOT", "RECOMMENDED", "MAY", and "OPTIONAL" in this document are to be
 44 interpreted as described in RFC 2119.

45 **2. Governance and Governing Bodies**

46

47 **2.1 eduGAIN Executive Committee (eEC)**

48 The eduGAIN Executive Committee comprises representatives from organisations that fund
 49 eduGAIN operations. The current process for appointing the Executive Committee and
 50 Executive members is documented on the eduGAIN website [eduGAIN-GOV].

51

52 The eEC is responsible for ratifying amendments to this Constitution.

53

54 The eEC may also request the implementation of changes to eduGAIN policies or eduGAIN
 55 membership in order to comply with external legislation or legal requirements.

56

57 If the eEC decides not to ratify a decision made by the eSC, the issue is returned to the eSC
 58 with appropriate comments and reasoning.

59

60 The eEC will also make decisions on the termination, dissolution or transfer of ownership of
 61 the eduGAIN service.

62

63

64

65

66

67 2.2 eduGAIN Steering Committee (eSC)

68

69 The eduGAIN Steering Committee (eSC) is a body elected by the eduGAIN Assembly with
70 responsibility for steering all aspects of the eduGAIN service and community.

71

72 Representatives are nominated to the Committee in line with the eduGAIN Steering
73 Committee Terms of Reference [REF TO BE ADDED LATER].

74

75 The eduGAIN Steering Committee is responsible for:

76

- 77 • Proposing changes to the eduGAIN Declaration and Constitution and preparing for
78 vote by the eduGAIN Assembly.
- 79 • Discussing and approving changes to the eduGAIN Technical Profiles and supporting
80 technical documentation.
- 81 • Approving updates and changes to the eduGAIN Strategy and Workplan.
- 82 • Making decisions on metadata peering relationships, e.g. exchanging metadata
83 with other trust infrastructures.
- 84 • Reviewing membership of new Federations and making recommendations to the
85 eduGAIN Assembly.
- 86 • Approving the disqualification or temporary suspension for Member Federations as
87 described in section 3.6.
- 88 • Appointing the Chair and non-voting invited observers to the eSC in line with the
89 Terms of Reference.

90

91

92 2.3 eduGAIN Assembly

93 The eduGAIN Assembly is a body that consists of Member Federations' representatives
94 (delegates and deputies) and has an oversight role in the eduGAIN service. Each Member
95 Federation SHOULD appoint a delegate and deputy to the eduGAIN Assembly. Each Member
96 Federation SHOULD ensure that delegates and deputies can represent all Technology
97 Profiles used by the federation. The eduGAIN Assembly may also invite non-voting observers
98 to its meetings and mailing lists.

99

100 The eduGAIN Assembly is responsible for voting in Member Federations, voting on changes
101 to the eduGAIN Declaration and Constitution, and voting for membership of the eduGAIN
102 Steering Committee as per the eduGAIN Steering Committee Terms of Reference [REF TO
103 BE ADDED LATER].

104

105 Decisions of the eduGAIN Assembly are determined by a simple majority of Member
106 Federations at the time of the call to vote. Each Member Federation's vote is equal and there
107 is one vote per Member Federation. Voting takes place over two weeks, but a decision may
108 be reached early if the required majority is achieved before that time. The voting period may
109 be extended if a simple majority cannot be reached.

110

111 The eduGAIN Assembly will be chaired by the eduGAIN Steering Committee Chair.
112 Responsibility for calling meetings will lie with the Secretariat and agenda items will be
113 discussed with both the Steering Committee and the eduGAIN Assembly. The eduGAIN
114 Assembly will meet at least once per year.

115
116 The eduGAIN Assembly may raise issues and complaints with the eduGAIN Steering
117 Committee via the Secretariat. If there is no satisfactory resolution, these MAY be raised to
118 the eduGAIN Executive Committee. Members of the eduGAIN Assembly MAY call for a veto
119 on decisions made by the eduGAIN Steering Committee with support from a simple majority
120 of eduGAIN Member Federations.

121

122 **2.4 eduGAIN Service Team and Secretariat**

123 The eduGAIN Service Team provides a series of functions to ensure the eduGAIN service
124 can operate effectively. Funding for these functions is defined by the eduGAIN Executive
125 Committee. The Service Team is responsible for:

- 126 ● Operations: managing daily technical issues and development work for central
127 eduGAIN operations and ensuring that the service complies with Technical Profiles
128 and the eduGAIN Operational Practice Statement.
- 129 ● Support: receiving enquiries about eduGAIN and managing issues with membership
130 technical compliance.
- 131 ● Security: provide a primary contact point for all security related issues affecting
132 eduGAIN and its membership.

133

134 In addition, the eduGAIN Service Team provides the eduGAIN Secretariat function. The
135 eduGAIN Secretariat is responsible for membership management and support for the
136 various eduGAIN governing bodies.

137

138 **3.eduGAIN Membership**

139

140 eduGAIN recognises two categories of Federation within its operations:

141

- 142 ● Member Federations that have met the joining requirements of eduGAIN but are not
143 actively using a Technology Profile.
- 144 ● Participant Federations that are actively participating in eduGAIN via the use of a
145 Technology Profile.

146

147 **3.1 Requirements for eduGAIN Membership**

148

149 Member Federations MUST:

150

- 151 ● Primarily serve the interests of the education and research sector.
- 152 ● Provide a point of contact for their federation members for dealing with technical
153 issues.

- 154
- Provide processes for handling complaints and incidents involving their federation members.
- 155
- Meet the requirements of the eduGAIN Policy Declaration.
- 156
- Have an agreement defining federation membership between the Federation and its members (typically known as a Federation Policy).
- 157
- 158
- 159

160 **3.2 Joining Process**

161

162 The process to join eduGAIN as a Member Federation is as follows:

163

- 164 1. A representative of the applicant Federation signs the eduGAIN Policy Declaration and presents it to the eduGAIN Secretariat.
 - 165 2. The eduGAIN Secretariat confirms that the applicant Federation fulfils the requirements in section 3.1.
 - 166 3. The eduGAIN Secretariat prepares and presents a membership proposal to the eSC for comment and review.
 - 167 4. The eduGAIN Assembly approves or rejects the application via a vote.
 - 168 5. When an applicant is approved, the Service Team takes the necessary steps to register the Federation to eduGAIN.
- 169
- 170
- 171
- 172
- 173

174 **3.3 Participation Process**

175

176 The process to become a Participant Federation in a Technology Profile is as follows:

177

- 178 • The Federation publishes appropriate documents as defined in relevant Technology Profiles.
 - 179 • The eSC are invited to review the documents presented.
- 180

181 The Service Team confirms adherence to the selected Technology Profile and publishes adherence for that Federation on the eduGAIN website.

182

183

184 **3.4 Leaving eduGAIN**

185 When a Federation leaves eduGAIN or ceases to use a Technology Profile within eduGAIN it MUST give one month's written notice to the eduGAIN Secretariat which forwards the notice to the other Federations.

186

187

188

189 **3.5 Dispute Resolution**

190

191 When a breach or issue occurs, the Service Team MAY react in one or more of the following ways, depending on the level and duration of the issue:

192

193

- 194 • Issue a notice to the Participant Federation.
- 195 • Issue a notice to the eduGAIN Assembly.

- 196 ● Propose a temporary period of suspension to the eSC.
- 197 ● Propose a disqualification of the Participant Federation from eduGAIN to the eSC.
- 198 ● Automatically suspend Participant Federations in appropriate circumstances.

199 A Participant Federation MAY be suspended from eduGAIN for the following reasons:

200

- 201 ● Breaching REQUIRED elements of Technical Profiles.
- 202 ● Breaching its Federation Policy as per section 2.2.
- 203 ● Breaching the eduGAIN Policy Declaration as per section 2.2.
- 204 ● A vote of no confidence by the eduGAIN Assembly.

205 External requirements communicated by the eduGAIN Executive Committee (eEC) as
206 described in section 2.1.

207

208 Following a decision by the eSC to suspend or disqualify, the Service Team:

209

- 210 ● Announces suspension or disqualification of eduGAIN membership to all Member
211 Federations and,
- 212 ● Makes technical changes necessary to implement the decision.

213

214 Following satisfactory rectification of the breach or issue, the Service Team:

215

- 216 ● Issues a notice to the eduGAIN Assembly.
- 217 ● Resumes publication of the Participant Federation's metadata to eduGAIN.

218

219 For dispute resolution between a Member Federation and the eduGAIN service, the Service
220 Team is the first point of contact. If the Member Federation is not satisfied with the Service
221 Team and its resolution, a Member Federation should bring the issue to the attention of the
222 eduGAIN Steering Committee and ultimately, the eduGAIN Executive Committee.

223

224 **4. General**

225

226 **4.1 Trademarks**

227 eduGAIN® is a trademark of GÉANT and may be used under license by the Participant
228 Federations in conjunction with the eduGAIN service. The eduGAIN Executive Committees
229 responsible for managing and protecting the trademark.

230

231 **4.2 Updating this Constitution**

232 For the eduGAIN Assembly to agree to a revision of this Constitution requires an affirmative
233 vote of at least twothirds of Federations from the voting list. When the eduGAIN Executive
234 Committee ratifies a change to this Constitution, a written notice must be sent to all Member
235 Federations. The change becomes effective three months after sending the notice. The

236 Service Team ensures that up-to-date Policy Framework documents are published and
237 available to the Member Federations.
