Marcomm activities in 2017

- European Cyber Security Month

RESTENA Foundation and University of Luxembourg are joining forces for the European Cybersecurity (ECSM) Month 2017

ECSM is the EU's annual awareness organised by [The European Union Agency for Network and Information Security \(ENISA\)](#) campaign that takes place each October all across Europe. The aim is to raise awareness of cyber security threats, promote cyber security among citizens and organizations; and provide resources to protect themselves online, through education and sharing of good practices. This year the [RESTENA Foundation](#) and the [University of Luxembourg](#) join forces to bring information about 4 selected topics to their user communities.

The human factor is a key element in cybersecurity. The European cybersecurity month 2017 aims in raising end user awareness. The RESTENA Foundation and the University of Luxembourg commit to this efforts by providing weekly practical tips about
