Who are we?

Work Package 5: Trust & Identity

Task 6: T&I Enabling Communities (Task Leader: Casper Dreef – GÉANT)

From the technical annex

- Complementary to technical developments in the services and incubator tasks in this WP, in the area of eIDAS 2.0 and EUDI wallets, T6 will:
 - Explore the research and education use cases for the wallet.
 - Facilitate information exchange around the wallet developments in the GÉANT community.
 - Foster collaboration towards global interoperability for the R&E use cases.
 - Support participation in relevant forums, standardisation bodies, industry working groups, etc., fostering liaison and bringing in the position of the GÉANT community.

Team meetings

- Weekly meetings on Mondays between 14:00 – 15:00 CET
 - Marina, Marten and Casper optional.
 - Rest of the team try to join weekly, one of the reasons doing weekly is that it should not be a problem if someone miss a meeting from time to time.

What do we want to do?

Goals for 2025

- Create state of the art analysis for wallets in Europe: primary focus level are wallets in R&E, second level is national where NRENs can act like a liaison for the national efforts.
- Create common wallet terminology
- Creating the seed for this community. Explore who would like to collaborate on this and how. Create a platform for this community.
- Information sharing (GA and others)

Goals for after 2025

- Global interoperability
- Exploring use cases

In parallel

- REFEDS, Incommon, Eunis
- Standardization bodies work
- EU LSPs, 1st round (DC4EU, EWC, POTENTIAL), Second 2nd round (WE BUILD, APTITUDE)
- NREN and national work
- Open Wallet Foundation, 1EdTech (outside of our community but interesting)
 - There are people from our community there but they are not in this task

Upcoming events

- TIIME (UK) - 31st March – 3rd April
- DICE (Zurich) – 4 - 5 March
